Promoting home ownership is a goal of the Etna Blueprint Committee. Perhaps you thought you could never own your own home due to your income. Check the income levels on the next page and if you fit into one of those categories, you may be able to purchase your own home.

If you are interested in looking further into this possibility, call the number listed on the bottom of the income schedule.

This is a new endeavor by the Blueprint Committee and Hosanna Industries and there are a limited number of homes for possible sale but it is worth a try.

If you fall into the following categories we may be able to help you own your own home right here in Etna Borough:

1 person income of **\$25,200** or less

2 people income of **\$28,800** or less

3 people income of **\$32,400** or less

4 people income of **\$36,000** or less

WHO CAN HELP?

Many organizations can help with first time home owners, if the individual/family meet the guidelines. Information on these programs will be provided to parties who qualify under the income levels.
